SPECTRAL

Open TV furniture

EN-PR1226 2013

Handmade in Germany.

Since 1994, SPECTRAL has been synonymous with premium home entertainment furniture made in Germany. Only the best materials, careful workmanship and functional solutions for integrating technology are what make SPECTRAL stand out from mass-produced goods from the Far East.

Our closed TV furniture, open TV tables, TV stands as well as Hi-Fi racks by SPECTRAL all enjoy great popularity. This catalogue contains a selection of our most successful models, all of which we also warmly recommend.

The new
colour television.

TRAY is our new elegant TV stand with a scratch-resistant glass surface in 2000 colours. Thanks to the compact method of construction, TRAY is the ideal solution for bedrooms, meeting rooms and hotel suites, where bulky TV tables have no space. Because of its double wheels it can be flexibly positioned within the room. A universal mounting device ensures that a range of televisions can be fitted with ease. All cables disappear into a the chic and easily-accessible cable runs at the back.

PX601 in preferred colours (NCS)

Looks good
from the rear view as well.

TV mount for
a wide range of
television sets

Adapter for sound
projectors available

Integrated cable runs with
outlets at front and back

PX600-SNG

Removable rear panel for
simple and elegant cabling

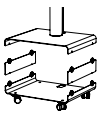
EX2 for QX111 to increase height by 80 mm



Born before
home cinema existed.

SCREEN is a real oldie in the SPECTRAL range, yet still unbelievably popular. Thanks to clear design, high-quality materials and great care in finishing, SCREEN takes its bow much higher up on the stage than conventional glass/metal tables. A standard cable runs at the back provides a sleek overall look without ugly unsightly cables.

Concealed double wheels

S101-BG
