

CD Box DS

High-End Audio CD player

- 24bit/192kHz Burr Brown DAC (PCM1796)
- 4-layer suspended CD drive
- Excellent only-CD transport
- „Blue tiger“ servo board for 1:1 CD playback
- Luxurious slot-in mechanism
- **NEW!** DC power supply (<1watt standby power consumption)
- **NEW!** Massive 3mm aluminium faceplate
- High contrast dot-matrix display
- IR remote control with volume level adjustment of Pro-Ject amplifiers
- Solid cabinet protects against vibration and interference
- Faceplate silver or black

Technical data

Supports:	CD, CD-R, CD-RW and Hybrid-SACD
Frequency response	20Hz - 20kHz, $\pm 0,15\text{dB}$
Noise floor	100dB / 1V
THD	0,007%
Line-level output	1 pair RCA/phono sockets
Output voltage	2Vrms
Digital output	1x co-axial (S/PDIF)
D/A converter	Burr Brown PCM 1796 24Bit/192kHz, 8-times oversampling
Outboard power supply	18V/500mA DC; 220 - 240V, 50Hz
Standby power consumption	< 1 watt
Power consumption	18V/400mA DC
Dimension W x H x D (D with sockets)	206 x 72 x 194 (200)mm
Weight	2670g without power supply

Retail price
499,00 €

CD Box DS - High-End CD player!

Pure CD player are in contrast to DVD or Blu-ray Disc player frequently better in playback of stereo CDs. The CD Box DS (as well as CD Box S) is designed exclusively for playing audio CDs on the "Red Book standard" by Philips and is in this discipline, a true master of his trade. In addition to a high-quality, durable drive is essential for the perfect CD playback as well as a servo control optimized for audio playback. Our servo system allows real-time scanning with minimal jitter. Together with advanced D/A converter blocks a real highend reproduction is achieved, as it can not be found in this price range. Visually the CD Box DS is adapted to the new DS line with a thicker front panel, no screws in the front and a smaller uniform LED.
